

Run the “Master do all.do” file located in the dofiles directory to generate all of the tables and graphs in Kawaguchi, Kodama, and Tanaka “Small Business under the COVID-19 Crisis: Expected Short- and Median-Run Effects of Anti-Contagion and Economic Policies”, *Journal of Japanese and International Economies* 2021.

The “Master do all.do” also contains a description of each do file. Below is a description of the main data files.

You need to set up the following folders:

data

dofiles

results

The data folder contains the following files.

- summary.dta
- suspension_request.dta
- surveyweek.dta
- rd_subsidy.dta
- quarterly_salesg.dta
- expected_date_lifting.dta
- suspension_maps.dta
- suspension_pref.xlsx
- pref_id_match.xlsx
